

BOOKING GUIDE

welcome

NICE TO MEET YOU

We are humbled you are considering RLF to capture one of the best days of your life!

Believe me when I say we do not take the honor lightly. Photography + Video is one of the most important aspects of your big day.

When all is said and done, it all flew by too quickly in a flurry of emotions. You remember there was cake at some point, maybe a toast, and it was all so magical. What you're left with as newlyweds are your wedding photos + film.

We aim to capture your day in a way that instantly transports you back. To the pre-ceremony butterflies, alter first kisses, and dancing the night away with everyone you love. So when you look back at those photos and videos years from now, it feels as real in that moment as it did that very same day.

When seasons pass us by, and life moves in the blink of a shutter, a photo steps into a moment and says... "Pause"

Our hope is that one day you get to share these moments, the day your adventure started, with your grandchildren. That you get to recount the story of your love with these photos + film and your legacy becomes a priceless treasure passed down for generations

A full-page background image of a wedding couple. The bride, on the left, is wearing a white lace wedding dress and a veil, looking up at the groom with a joyful expression. The groom, on the right, is wearing a dark grey suit and a light blue shirt, leaning in to kiss the bride on the cheek. They are standing in front of a brick wall. A semi-transparent orange rectangular box is centered over the image, containing a large orange quotation mark, a testimonial text, and the name YERLINA DUMENIGO.

FAQS

How long have you been capturing weddings?

We have been shooting weddings for 5+ years, and have captured over 200!

Have you ever shot at our venue before?

Rest assured, I have shot every conceivable "type" of venue for the purposes of lighting, and come equipped with the gear and experience to handle any challenge thrown my way at a moments notice. It is our job to be able to find good photo spots quickly, and adjust to our environment seamlessly!

How long will it take to get our photos/videos back?

Photo sneak peeks: 1-2 weeks

Video Teasers: 3-4 weeks

Full Photo Galleries: 12-14 weeks

Wedding Films: 3-6 Months

How many hours does "8+" mean?

Our packages are not limited in hours! We discuss your wedding timeline with you, and set coverage according to your needs. Most wedding days for us are 10-12 hours. We don't want to miss a thing!

Will we meet to discuss details prior to the wedding?

Our lines of communication are open! We are happy to chat via email, phone, social media, even facetime. We will meet at your engagement session (which is included in your wedding package - Yay!) and go over some details then. We will also send you little guides and questionnaires throughout the planning process so that we can ensure we are fully prepared and informed for your big day!
